MDPC-907 Spl. Ca-Zn Stabilizer

Product Information

MDPC 907 Spl. Ca-Zn is manufactured from a high quality stearic acid in a tightly controlled production operation that guarantees product uniformity. The result is a pure white colour with consistent properties.

MDPC 907 Spl. Ca-Zn is specially designed to provide extra whiteness, Heat & Thermal stability to PVC Compounds by adding high value and effective raw materials also provide.

- High performance.
- Extra whiteness.
- No odour during processing and in the final product.
- Cost efficient.
- Quality controlled.

TYPICAL PROPERTIES

DESCRIPTION	SPECIFICATION
Physical Form	Fine White Powder
Calcium Content as Ca	4.6%
Zinc Content as Zn	5.4%
Bulk Density	340 gm/l
Free Fatty Acid	0.8% max.
Moisture (105 ± 1°C, in 1 Hour)	0.6% max.
Sieve Analysis (pass thru 400 mesh)	97%

TECHNICAL DATA SHEET

RECOMMENDATIONS FOR APPLICATION

MDPC 907 Spl. Ca-Zn characteristics of calcium/zinc stabilised materials they are widely used in many soft, flexible and rigid PVC applications. This type of stabilising system can give products which have a high degree of clarity, good mechanical and electrical properties, excellent organoleptic properties and good outdoor weatherability. As a result, calcium/zinc stabilisers have been incorporated and established in a wide range of applications. These include toys, footwear, yarn, healthcare products, such as blood bags, semi-rigid and flexible foil for food packaging, bottles for potable water, as well as for potable water pipe.

EASY HANDLING

- ❖ Eliminates bridging or caking while facilitating use in any type of packaging, bulk handling or conveying system.

DOSAGE

- ❖ 2.5 –3.5 phr

PACKAGING:

- ❖ **MDPC** 907 Spl. Ca-Zn is available in net content of 25 Kgs.
- ❖ Specific packaging options can be arranged as per customer's requirement.

No warranty, expressed or implied, or merchantability, fitness for a particular purpose or otherwise is made, except that the products herein discussed comply with the chemical description on the labels. Buyer assumes risks of the use, storage and handling. Hummel shall not be liable for any incidental or consequential damages arising directly or indirectly in connection with the purchase, use, storage or handling of this product. The information contained herein is, to the best of our knowledge, true and accurate. However, all recommendation or suggestions are made without guarantee, since the conditions of use are beyond our control. We disclaim any liability incurred in connection with the use of these data or suggestions. This information is not to be taken as a license to operate under, or a recommendation to infringe any patent (s).
